

ANSA Motors closes Chaguanas Service Centre

ANSA Motors has announced the official closure of its Chaguanas Service Centre, effective December 1, 2025.

The company stated that this 'strategic decision is part of its continued commitment to strengthening operations and enhancing the overall customer experience across its service network'.

In a public notice on Facebook, ANSA Motors said maintenance and repair services will remain readily available at two fully operational service centre locations.

It encouraged customers to access services at the following ANSA Motors Service Centres:

- San Fernando Service Centre—Located on Royal Road, San Fernando
- Port of Spain Service Centre—Located at the corner of Richmond Street and Charles Street, Port of Spain

ANSA Motors said both alternative locations are equipped with skilled teams and uphold the high service standards customers have come to expect.

ANSA McAL Ltd announced the sale of Standard Distributors Ltd to Term Finance (Trinidad and Tobago) Ltd early last month.

The company was renamed Standard Credit.

Its wholly owned subsidiary, Standard Distribution and Sales Barbados Ltd, was also sold.

According to ANSA McAL, the sale reflected the company's commitment to strategic portfolio optimisation while complementing Term Finance's 'acquisitive growth agenda across the region'.

'The sale marks a defining moment in the 80-year history of Standard, a brand that has long been part of Caribbean homes and family life,' a release from the company stated then.

'Term Finance will evolve Standard's operations and brand into a dedicated credit provider and e-commerce platform, leveraging Standard's 80 years of experience and hire-purchase knowledge to offer best-in-class credit products at strategically placed branches across T&T,' it added.

In April, the *Express* reported that Standard had closed two of its locations: the ANSA House Showroom on Queen Street in Port of Spain and its branch at Pennywise Plaza in Chaguanas.
