

Murally-Pantin becomes Carib's first woman MD

LEESA MURALLY-PANTIN has been appointed managing director of Carib Brewery Ltd, effective November 1.

'This historic appointment marks a major milestone as Leesa becomes the first female managing director in the company's distinguished legacy, reinforcing Carib Brewery's commitment to inclusive leadership, innovation, and bold transformation,' a media release from Carib stated.

'With over 23 years of experience in the beverage sector, Leesa brings to the role a deep understanding of the business, strong financial acumen, and a passion for unlocking potential across people, brands, and markets,' it stated.

Carib said Murally-Pantin previously made history at the organisation as its first woman chief financial officer.

'Her contributions have been instrumental in driving the company's growth and operational resilience under its 2X Agenda for sustainable performance,' Carib stated.

Murally-Pantin described the appointment as 'more than a personal milestone'.

'It's a proud moment for our teams, our community, and our region,' she said. 'I'm humbled to lead Carib Brewery into its next chapter, building on our legacy, while continuing to innovate, grow, and inspire.'

According to Carib, 'Leesa's leadership style is widely recognised as people-focused, performance-driven, and passionately committed to excellence. She is a trusted steward of the Carib brand and an advocate for continuous improvement and collaborative success.' Murally-Pantin holds an MBA in Strategic Planning from Heriot-Watt University, and has been a Fellow of the Association of Chartered Certified Accountants since 2002, as well as a Certified Internal Auditor since 2008.

'This announcement is not just a celebration of one individual, but a reflection of Carib Brewery's evolving story, a story rooted in heritage, powered by innovation, and driven by people.

'As Carib Brewery enters this bold new era, the company stands proudly behind Leesa's vision and leadership and is confident in the bright future ahead,' it stated.
